EDUCATION:

Pacific Union College: 4 years

Studied in: *Computer Science and Graphic Design*

PAST EXPERIENCE:

Contract Lead Developer at Layer Dynamics Inc.

RnD, as well as maintenance, on a platform that provides for a more effective way for publishers to integrate in to more versatile online advertising, specifically in the video advertisement world.

Platform developed in PHP, MySQL, jQuery, HTML and CSS

Web/Art Director at 360 media

Lead web developer as well as worked with the lead designer. Covered a vast array of projects where I was solely responsible for the piece. Used many different languages and skills as well as use of the Adobe Suite.

Developed projects with PHP, MySQL, Javascript, HTML, CSS and Flash

Web-designer/Developer of recareas.com

RnD for front-end/UI as well as back-end data management for a web start-up, driven on displaying recreational locations with information bundled as a Google maps mash-up.

Platform developed in PHP, MySQL, jQuery, HTML and CSS with extensive use of Google Maps API

Web-designer/Developer of fb.puc-sa.com

A web site that was a pre-yearbook for a college. I developed a full social networking site, with image upload, comments, events, messages, friends, searching, and other features. I was given limited time and resources, but managed to execute a site that many of the students loved. I also provided a feature requested, where students could go to a 'secret' portion of the site and rate one another however they so chose. It had over 2 million hits.

Site developed in PHP, MySQL, HTML and CSS

Head of tele-counseling in enrollment at Pacific Union College

Mac Lab Assistant in Visual Arts Department at Pacific Union College

Assistant Head RA at Pacific Union College in Newton Hall
